

Brian Richardson

Edmond, OK

Summary

Highly motivated and results-oriented full-stack developer and UI/UX designer with 9+ years of experience in developing and maintaining internal applications, designing user-centered interfaces, and managing databases. Proven ability to translate business needs into effective technical solutions, with a strong understanding of front-end and back-end development using C#, .NET, SQL, HTML, CSS, and JavaScript. Expertise in the Adobe Creative Suite and a passion for creating visually appealing and user-friendly experiences. Seeking a challenging role where I can leverage my skills to contribute to the success of a dynamic organization.

Skills

- **Programming Languages:** C#, .NET, JavaScript, HTML, CSS, PHP, SQL
- **Frameworks/Libraries:** MVC, .NET Core, Entity Framework, Bootstrap
- **Databases:** SQL, MySQL, phpMyAdmin
- **Software/Tools:** SSMS, Git, Visual Studio, VS Code, Microsoft Office, Salesforce.com, Intuit QuickBooks, Adobe Creative Suite (Illustrator, Photoshop, InDesign, XD)

Professional Experience

Hobby Lobby, Inc. | Oklahoma City, OK *Full Stack Developer* | April 2019 - Present

- Developed and maintained front-end and back-end components of internal applications for asset management and legal design request processing.
- Implemented enhancements, bug fixes, and data management solutions, including ad-hoc queries, for internal applications.
- Migrated Entity Framework to .NET Core for improved application performance.
- Utilized C#, .NET, SQL, HTML, CSS, and JavaScript to develop applications primarily for the art department.
- Designed and implemented database layouts and schemas.

Hobby Lobby, Inc. | Oklahoma City, OK *UI/UX Developer* | July 2016 - April 2019

- Designed responsive wireframes and prototypes for an internal web application used by graphic designers, project coordinators, the legal team, and leadership.
- Developed web page code based on wireframes and prototypes using HTML, CSS, and JavaScript.
- Conducted annual UX surveys to gather user feedback and implement application improvements.
- Created customized reports with diverse data types for leadership.
- Collaborated closely with the internal programming team on back-end development and database management.

Spec Creative | Oklahoma City, OK *Graphic Design, Web Design/Development* | March 2015 - 2019

- Designed and produced print materials, including magazines and marketing collateral.
- Designed and developed responsive and accessible web pages using HTML, CSS, PHP, JavaScript, and CMS systems.
- Performed weekly content maintenance for client websites (e.g., articles).
- Created and maintained databases using MySQL and phpMyAdmin on hosting servers.
